The undersigned spoke with Guilford Detective, Joe Duro, who stated the following: Guilford has been receiving the same type of letters since 2014 and the police have previously investigated them. The suspect typically attaches a photograph of a person on the letter and types similar content to the one [REDACTED] received. The suspect distributes the letters to multiple people in the area. There has been no indication of any of these incidents escalating. Detective Duro previously processed the paperwork from his case, which yielded negative results. He was aware that other surrounding towns were also receiving similar type letters.

[REDACTED] and [REDACTED] were contacted and informed of the above information.

Based on the undersigned training and experience when a letter is void of any fingerprints it indicates the suspect was wearing gloves when handling the paperwork.

THIS CASE WILL BE CLOSED.

A good website for information is:

FightGangStalking.com

It is a military/community stalking program. They hire people in the community to help. Innocent victims have their names put on a targeting list, anyone can be put on the list, and once you're on it, you'll be on it for the rest of your life.

It is coming from the CIA, Mafia, Military.

She is part of evil. This is happening in town.

The undersigned observed the letter which had no return address and it was mailed out of Hartford Connecticut. The undersigned did a Google Search for the term "FightGangStalking.com" and saw a website that included information that stated police government officials, and civilians can stalk you.

[REDACTED] and [REDACTED] had no idea who would send a letter like this. Some of their neighbors received the same letters and brought it to their attention. [REDACTED] and [REDACTED] were concerned because they didn't know if the suspects behavior would escalate to something more
